Bob,

The request (OPRA 54046) was submitted by Jonathan Fox of ERM who is scheduled for a File Review (as you know) on 6/19. No request was submitted under Tracy's name. Do you still want me to contact her?

Matt, per our conversation. Could you please call Tracy Thomas of NL Industries regarding the file review request for Margarèts Creek Lead Contamination PI: ? She wants to know the status of their request (ERM made the request of behalf of NL Industries). Ms. Thomas can be reached at 972/448-1458. As we discussed there was some confusion as to the which files were being requested.
